

PLYMOUTH ROCK FOUNDATION

TO PRESERVE AND PROPAGATE THE PILGRIM STORY

DR. PAUL JEHLE

COURSES AVAILABLE

- **American Economics**
- **American Foreign Policy**
- **Universal History**

PLYMOUTH ROCK FOUNDATION is proud to offer the following high school courses designed and written by Dr. Paul Jehle.

Each of the courses begins with a Biblical basis, laying down fundamental principles of economics, foreign policy and the providential patterns of history, and then moves on to a chronological study of these courses. Set in the context of American history and thousand year increments, never have there been courses offered that teach a more thorough understanding of history in order to see how facts relate to principles and patterns.
